

# Appearance

The Appearance category comprises two sections:

- Presentation (90 Points)
- People's Choice (10 points)

Presentation is further split into three x 30 point subgroups as follows:

Points	Kart First Impression (Is it a great idea?)	Kart Detail (Did they do it well?)	Team and Display Impression (What about the team and their display?)
6	Uninspiring Impact	Uninspiring Detail	Uninspiring Impact
12	Mediocre Impact	Mediocre Detail	Mediocre Impact
18	Good Impact	Good Detail	Good Impact
24	Excellent Impact	Excellent Detail	Excellent Impact
30	Outstanding Impact	Outstanding Detail	Outstanding Impact
Total	/30	/30	/30

Karts are to be mounted on robust, lockable stand with suitable soft feet to prevent marking of the floor. Drip trays must be supplied by teams with an underlying tarpaulin (ex Warehouse min 8 x 6).

Karts are to be displayed on a suitable trestle or frame that supports the kart a minimum of 1000mm above the ground whilst obscuring as little of the kart as possible. Accordingly placing the kart on a table or similar surface that precludes inspection of the underside is not acceptable. The school name is to be clearly displayed on the support frame.

People's Choice is the means by which teams can vote for the kart they think best reflects the spirit of the competition.

Each team will have one vote but must not vote for own team.
